

## REILLY TAR &amp; CHEMICAL CORPORATION

514948

TO: Mr.H.R.Horner, Reilly Lab. Indianapolis,Ind.  
OFFICE:  
FROM: C.B.Edwards July 13,1951  
DATE  
SUBJECT: ST.LOUIS PARK PLANT--WASTE WATER

I attach a letter from Mr.Larkin regarding contamination of our drainage water and asking for a design of a settling basin similar to the one at Indianapolis for settling their waste water. I assume that St.Louis Park would not require nearly so large a settling basin as we have here. I would like to see your layout and have an estimate of the cost before the recommendations are sent on to St.Louis Park.

Very truly yours,

*C.B. Edwards*
